Hill Country

There comes a point in life when an obsession can take over, yet still be embraced with open arms. Unlike most, there's no rehab for this guy's addiction of Custom and Fine Automobiles. Joseph is from an undisclosed location tucked away in Texas' beautiful Hill Country.

We were granted an all access pass to his extensive vehicle collection and home. Joseph is a hard working Real Estate Executive, but as these photos tell, work is not his favorite passion.

On weekends away from the hustle and bustle of the work week, you can find Joseph across Texas showing his 2008 Chevrolet Avalanche Ballerz Inc. Edition, which many may have seen at SEMA Show and in MHT Wheel Catalogs.

This vehicle was created by an associate of Joseph in his home state of California and now is in great hands in the Lone Star State. When it comes to modifications, not much is missing from the amazingly crafted build. Hardly any piece of the vehicle has been spared from customization.

RIDE HARD TILL THE CASKET DROPS

For Rolling Gear the Avalanche rides on Type 27 chrome MHT 3-Piece 30inch wheels, color matched with perfection to match the Kandy Tangerine Red paint. These wheels are all mounted on high-end 305/30/30 Pirelli Scorpion Tires. The suspension has been upgraded to full air ride, featuring three 3-gallon chrome air tanks and 2 Viair compressors. All these products are neatly tucked underneath the bed in place of the spare tire. Matching the exterior attire, the interiors design wasn't sacrificed and received the same royal treatment. The floors below your feet feature authentic red mink, which also flows into each door panel. The seats are wrapped in traditional light tan leather, elephant, crocodile; ostrich and stingray, to add that extreme exotic look.

Click to zoom

For added styling a custom electric sliding rag top opens the sky to the front and rear passengers. To help keep passengers comfortable on a cruise down the boulevard, 10inch head rest monitors are mounted in each of the four headrests and JVC DVD Head unit is up front for the audio video source.

On the sound scale behind the rear seats are 3 JL Audio W7 13inch subwoofers, housed in a custom made enclosure. Each subwoofer is powered with its own separate, JL v2 1000.1 amplifier, and interior speakers are all powered with a v2 500.4 4-channel. The combination of quality high-end products and expert installation makes the ride capable of producing earth shaking sounds with the just the twist of a knob. The custom mixed Kandy Tangerine red paint (which can't be missed from across the parking lot or car show) was also sprayed back home in Cal. Unlike a lot of vehicles, this flawless paint hue has been applied over the entire vehicle without a single misstep.

Once the kandy was sprayed, a well known pinstriper was called in to apply the Silver and Red metal leafing graphics. With multiple coats of clear to seal the deal, the end result is a truly unique paint scheme and one to impress the judges. Joseph would like to thank his car club Swift CC Tejas for their support! Keep an eye out for this truck at a car show near you! We would like to thank Joseph for allowing us to feature his collection of vehicles and beautiful home..

FAST FACTS

OWNER - Joseph "B"
DAILY GRIND - Real Estate
RESIDENCE - Undisclosed Location, Texas
VEHICLE - 2008 Chevrolet Avalanche LTZ

Model: Shalane Munoz

Bio: Shalane Munoz was born and raised in San Antonio Texas. She absolutely loves everything about her hometown. Throughout her life she has participated in many activities such as fine arts dance, gymnastics, cheerleading, and local fashion shows. Time management is one of my greatest successes by balancing my business career, being a full time mom, and pursuing her modeling dream.

Her interests include shopping, traveling, and most of all modeling. She loves spending time with her daughter, friends and family. I want to give a special thanks to my friends and family for all their support. I would also like to thank Andrew and Texas Street Fame for giving me this opportunity.
